

Homework: Maths

Date set: Friday 30th November **Due:** Wednesday 5th December

Parent/carer:

Please encourage your child to practise their methods for addition and subtraction at home. Encourage them to use drawings to support them while also using column methods.

Times tables: We cannot stress enough how important it is for children to learn and practise their times tables every week. While it is a skill to count in 2s, 5s and 10s, children also need to know how to answer questions on these - for example: $1 \times 5 =$; $5 \times 1 =$. Please support them as much as possible to continue to learn these.

What we have been learning this week:

This week has been assessment week. The children have completed Maths, Reading and SPaG assessments.
Topic: Children have continued to come up with their own lyrics for their bands songs.

Maths

Complete the problem solving questions. Remember to show all of your working even if you cannot find the correct answer. Do **not** rub/scribble out - showing your thought process is a very important problem solving skill.

Spelling

All children have been given a copy of the Year 3 and 4 spellings this week so that they can familiarise themselves with some of the words they will need to spell correctly. Please choose 5 words from this and use the grid below to practise them.

You should use the **LOOK, COVER, WRITE, CHECK**, method to practice spellings.

Heard
Heart
Height
History

Weekly:

- Keep reading and recording the date and comment in your reading records. Year 3 children must read three times a week at home and Year 4 children must read four times a week at home (at least.)
- Work on your times tables.
- Please remember to bring in fresh water in water bottles each day

Bonus:

Find a chorus of a song that you really like - what makes it a good chorus? Why do you / other people want to listen to the song?

Termly homework:

Find out about some musicians from the 50s, 60s, 70s and 80s. You can listen to their music and find out which songs are your favourite ones. Find out about the artists and how many hits they released. Remember that you have 6 weeks to keep adding to this.
