

**KS1 homework term 4 - 2019**

This term we are trialling a new approach to reading and homework.

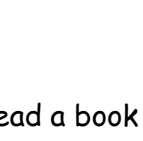

Please sign this card each time you read with your child. It is extremely important that children read with an adult at home on a regular basis. This will replace the yellow reading records.

It is also important to practise maths skills on a regular basis to help children retain what they have learnt. The activities below have not necessarily been taught in school during that week, but they are all things that we have covered before. The expectations for each year group have been included to help you see at which level your child should be working.

Children need to practise reading and spelling the focus high frequency words. Additional words to practise can be found on our school website (common exception words).

We do not expect to see evidence of the bonus reading challenge or maths activity but you are very welcome to use the homework book to record these activities if you wish. Any homework books that are handed in will be looked at on a Thursday after school and returned to children on a Friday.

Please tick or initial to show when any activities have been completed. All children will be expected to have their record sheets in school on Mondays and Thursdays which are book change days.

	Monday	Tuesday	Wednesday	Thursday	Friday	Bonus reading challenge (2hp)	Maths activity (suggested time: 15-30 mins)	Focus words
Week 1	 Sign here 					Read a book outside.	Watch the BBC 'Supermovers' number bonds song. Practise singing number bonds along to the tune. <a href="https://www.bbc.co.uk/sport/av/supermovers/43009137">https://www.bbc.co.uk/sport/av/supermovers/43009137</a> Y1: recall at least 4 of the 6 number bonds Y2: recall all of the number bonds to ten and use to work out bonds to 20	what who when why
Week 2						Read to the whole family.	Play 'shops' with real or toy coins. Practise adding amounts together (in your head). Start by adding 1ps together and build up as it gets easier. Y1: recognise and know the value of all the coins Y2: make the same amount in different ways	Monday Tuesday Wednesday
Week 3						Read a comic.	Talk about what time it is and plan some activities for certain times of day. Ask your child to let you know when it is time to start. Y1: tell the time to the hour and half past Y2: tell the time to the nearest 15 mins	Thursday Friday Saturday Sunday

Week 4						Read a story your parents liked when they were young.	<p>Find fractions of things in your home. For example, count out how many apples you have and then find half. You can also find fractions of shapes such as a pizza.</p> <p><i>Y1: find and recognize halves and quarters</i></p> <p><i>Y2: find and write fractions 1/2, 1/4, 2/4, 1/3, 3/4, 2/3</i></p>	there where were here
Week 5						Read a book about animals.	<p>Make up subtraction number stories about your family. E.g. I have 15 sweets, how many will I have after I've eaten 10?</p> <p><i>Y1: subtract 1 and 2 digit numbers up to 20 (using counters or pictures)</i></p> <p><i>Y2: subtract 2 digit numbers up to 100 (using counters, pictures or mentally)</i></p>	they their don't
