

### Competitive Sport 2016-17

This year we will continue to take part in the Sainsbury's School Games, an initiative organised through our local secondary schools, which provides a number of opportunities to take part in "Festivals" in a number of different sports. These events provide a chance to compete in competitive tournaments against local primary schools, alongside coaching from secondary experts. Preparation for these is either provided through extra-curricular clubs or PE lessons in school. We value the chance for children to take part in matches against other schools. Below is a record of events we have participated in this year and charts our successes.

Many thanks to staff who offer their time freely to organise these events and, as always, to parents who provide valuable transport and support!

Sports Co-Ordinator
